

Common Sense in ALLERGY & ASTHMA

Holiday Season Got You Sneezin' & Wheezin'?

*T*was the night before Christmas
and all through the house
there was sneezin' and wheezin'
and it wasn't the mouse.

*It wasn't the stockings.
And it wasn't the boys.
But was it the tree,
with the bright shiny toys?*

*You're snifflin' you're sneezin'
You're feelin' real sad
What's making you suffer
and feel so darn bad.
The tree smells so piney
A Christmas delight.
Could it be the fir tree
keeping you up all night?*

*If you feel really bad
around your Christmas Tree
You just may be suffering
from tree allergy.
So don't get discouraged,
Don't call off the fun.
Call your allergy doctor
That's number one.
He'll help you to deal
with the problem at hand
and get you back on track
with your holiday plan.*
